

Open Gardens in Great Bridgeford

For the past few years some residents have opened their gardens to the public and some have made scarecrows to raise money to provide planters and flowers to beautify and enrich our village. Some of

this money has been used to provide a raised bed and planters at the village hall, and the flowers looked lovely through the summer. It has also been used to buy 750 daffodil bulbs, and the gardeners have planted these on the verges outside the village hall car park, along the Eccleshall Road, and in the raised beds. This spring they have been a real show and much admired.

This year we are planning a Scarecrow and Gardens Sunday on Sunday June 10th from 1.00 - 5.00.

If you would like to be involved by making a scarecrow or opening your garden, please contact

Leslie on 282 582, or leslie.longstaff@btinternet.com for information and an entry form
